I understand it's air data for a butadiene detection.

I'm not sitting in front of the data; I apologize. I'm multitasking other tasks presently, but want to assist you as quickly as possible.

If you can tell me whose data set you're referring to, I can ask the generator of the data to provide us a map.

VR,
Adam

Which data set / source of data?

Thanks

Do we have any idea where those butadiene hits were in the community? I know they are below the TX 24 hour AMCV, but we said in our email to Adam that we were below the Long Term AMCV.
